Senior product designer and interaction designer. Three years building 0 → 1 enterprise tools for supply-chain operations at Fynd, a Reliance company: sole designer on Fynd TMS from the first PRD to 10,000 daily deliveries, then Product Design Manager leading a team of three. Then studied at the [Copenhagen Institute of Interaction Design \(CIID\)](#), building tangible and AI products across research, hardware and code. Trained as an architect.

EXPERIENCE

Fynd (a Reliance company), Mumbai, India

Product Design Manager · Mar 2025 – Aug 2025

Led a team of three designers across Fynd's supply-chain products, including the Warehouse and Transport Management Systems (WMS, TMS), and created and governed the patterns they share.

Product Designer · Oct 2022 – Mar 2025

Sole designer on Fynd TMS from the first PRD to launch: the operations web platform and the Android rider app.

Grew with it from zero to 10,000 average daily deliveries (2025) for 15+ businesses in Mumbai, and redesigned trip creation from 40 minutes to 5.

Contributed to Novus, Fynd's B2B design system, from the start: components and patterns extended from Jio's B2C library.

Entrepreneurly

Designer · Feb 2022 – Oct 2022

Conceptualised MVPs and designed fundraising pitch decks for early-stage startups.

Samarthan, Centre for Development Support Bhopal, India

Researcher · Jun 2021 – Feb 2022

Coordinated an EU-funded study on inclusive cities: urban mapping and ground research in squatter settlements.

Researched the national healthcare scheme during the pandemic, with the National Foundation for India.

Co-authored [Migrants in the Pandemic and the Challenge for Local Governments](#), a policy brief for ICLD, Sweden (2021).

SKILLS

Interaction design · Product design · Design systems · User research · Prototyping · 0 → 1 B2B SaaS · Mobile (Android) · Hardware prototyping · Figma

Languages: English, Hindi

EDUCATION

[Copenhagen Institute of Interaction Design \(CIID\)](#)

Interaction Design Programme

2025 – 2026

Industry project with Huawei. Selected work: Remora, a pocket e-ink device (thesis); Curio, a tangible AI companion for children; Momentum, a mobile capture interaction.

Maulana Azad National Institute of Technology (MANIT), Bhopal

Bachelor of Architecture · 2016 – 2021

AWARDS

GRID Design Hackathon

Winner · 2022

A WhatsApp-based way for low-income women in cities to form small savings groups.

DHFL Design for All Challenge

Winner · 2019

A sustainable rural crèche (Anganwadi) designed around exploratory learning.

EXTRA-CURRICULAR

PIXEL, MANIT's art and photography club

Member and Head · 2020

Led photography workshops and curated Kodachrome, a biannual art and photography exhibition.
